THE GRANGE IN CONNECTICUT

The Grange is the nation's oldest general farm and community public interest organization. Originally founded in 1867, today the Grange represents nearly 160,000 grassroots Grange members affiliated with 2,100 local, county and state Grange chapters located in 40 states.

In the State of Connecticut, there are nearly 60 communities with Grange chapters.

The Grange and its members provide service to not only agriculture and rural communities on a wide variety of issues, but has evolved into an organization concerned with the needs of all people - rural, suburban and urban - including economic development, education, family endeavors, and legislation designed to assure strong and viable communities across America.

With a non-partisan legislative voice at the local, state and national level, the Grange vigorously encourages member participation in the political process.

The fellowship, recreation and social activities in the Grange are developed with the family in mind - children and senior citizens alike are welcome. Competitions in music, art, public speaking, crafts, and a variety of other activities are an important part of every Grange's agenda.

THE JUNIOR GRANGES OF CONNECTICUT

WHAT IS JUNIOR GRANGE?

Junior Grange is an organization for boys and girls ages 5 to 14 and is open to all children, whether or not they come from a Grange family. Not only is Junior Grange fun and entertaining, but it gives children the opportunity to learn important life skills, thus preparing children to become responsible, well-balanced adults.

THE IMPORTANCE OF FAMILY

Family and community are two of the foundations of the Grange. One of the greatest needs of families today is a place where the family can go together - and children are welcome. As an organization that encourages the active participation of each family member, the Grange is strengthening the family structure for its members.

PROGRAMS FOR FUTURE LEADERS

Our Junior Granges are designed to provide a basis for training to teach leadership skills, build character, and increase self confidence while learning responsibility and respect. Involvement is not only on the local level, but can reach the county, state and national levels. The Junior Grange is an active and growing part of not only today's Grange but tomorrow's Grange.
